

HIGHER & DEGREE APPRENTICESHIPS

TEES VALLEY
LEARNING PROVIDER NETWORK

Apprenticeships offer a valid alternative to university, with the qualification to match.

Completing an apprenticeship is a way to earn and learn, gaining a qualification, long term career path and the possibility for higher earnings, with the plus side of no university debts and no tuition fees. As an apprentice you will be employed by a company, you will have a contract of employment, get paid a salary (at the least

the minimum wage for apprentices £3.90 aged under 19 or those in their first year) but many companies pay more than this particularly for higher apprenticeships.

You will spend most of the week at work (usually a minimum of 30 hours) obtaining valuable workplace skills and you'll also spend time attending college, a university or a training provider to study your qualification.
