TEES VALLEY MAYOR

When considering your path to a rewarding career right here in the Tees Valley, there are so many routes open to you. An apprenticeship is one of these and is a brilliant way to secure a job to be proud of.

With an apprenticeship, you can earn while you learn, putting money in your pocket as you gain qualifications in your chosen field. Business leaders across Teesside, Darlington and Hartlepool are crying out for eager, determined young people to join their companies so they can nurture the workforce of tomorrow.

The future of our region is bright. We have the 4,500-acre Teesworks site which is currently attracting the cleaner, healthier and safer industries that will help make us a leader in the low-carbon sector – making Teesside ground zero for Net Zero.

Further inward investment is set to come thanks to the Teesside Freeport, and Government's Northern Economic Campus in Darlington shows you can have a top civil service career so you can stay local but go far. There are innovative businesses right across Teesside, Darlington and Hartlepool working across all fields that are expanding, so with support it's easy to find the right fit for you.

I have always made it a priority to back our young people into well-paid, good-quality jobs, with help available via TeesValleyCareers. Funding is also at hand to make it easier for our firms to take on apprentices, especially those in sectors facing high demand or growth – and I'll continue to champion the cause.

You now have the responsibility to help shape our region and help it prosper, and I wish you all the best in your chosen career.

Ben Houchen, Tees Valley Mayor

WHAT ARE MY CHOICES?

All young people are required to participate in education until the end of the academic year they turn 18. Young people must engage in one of the following:

- An Apprenticeship
- T-levels
- A Traineeship
- Study Programme
- Full time work involving at least 280 hours of education
- Full time education including A Levels
- Home education

Apprenticeships offer the chance to learn and gain nationally recognised qualifications whilst earning a salary.

As an apprentice you will be working in a real job where you will be employed by a company, have a contract of employment, get paid a salary whilst obtaining valuable workplace skills and experience.

To find out more about Higher & Degree Apprenticeship visit our website www.tvlpn.co.uk or alternatively visit www.apprenticeships.gov.uk

ABOUT TVLPN

The Tees Valley Learning Provider Network Ltd (TVLPN) is a registered charity with over 40 members. We are dedicated to supporting learning providers and learners to achieve their potential in the field of work based learning.

TVLPN consists of local authorities, privately owned companies, colleges and national organisations. Members are engaged in the delivery of vocational and apprenticeship training leading to nationally recognised qualifications.

WHERE DO APPRENTICESHIPS LEAD?

Your current skills and qualifications will form the starting point for your Apprenticeship journey. Learners starting on an Apprenticeship level 2 can progress onto a level 3 Apprenticeship.

Some learners, depending on qualifications will commence the programme at level 3 and then they can progress onto a Higher Apprenticeship. There are plenty of options on completing an Apprenticeship programme to enter skilled employment and further training or to progress onto a Higher Apprenticeship either part time or full time. To find out more information visit www.apprenticeships.gov.uk

For further information regarding apprenticeship standards please visit the Institute for Apprenticeships and Technical Education: www.instituteforapprenticeships.org/apprenticeship-standards

HIGHER & DEGREE APPRENTICESHIPS

Higher or Degree Apprenticeships are available at levels 4-7 and they combine work with study. Typically, higher apprentices study part time at college, university or with a training provider. Apprenticeships take between one and five years to complete.

- A level 4 or 5 is equivalent to a Higher Education Certificate/Diploma or a foundation degree
- A level 6 is equivalent to a Bachelor's degree
- A level 7 is equivalent to a Master's degree

COMMENTS FROM RECENT LEARNERS

"Joining the Motor Vehicle pre-Apprenticeship course (study programme) has helped me develop my confidence, motor vehicle knowledge and skills, while the work experience confirmed this is the career path for me. I am looking forward to successfully completing my Apprenticeship and becoming a MOT tester in the future"

MARIO - DARLINGTON BOROUGH COUNCIL LEARNING & SKILLS

"I chose to undertake the apprenticeship to gain the knowledge and understanding that my role requires and to enhance my work portfolio. I am enjoying studying as I am learning new skills and have now been enrolled on further internal educational courses to help build my confidence and clinical procedures"

MARIE - SOUTH TEES NHS

"An apprenticeship is an amazing opportunity for me to learn on the job and earn a wage. I gather lots of knowledge/training from my apprenticeship"

CAITLIN - HARTLEPOOL COLLEGE OF FE

"BL Hairdressing supported me through my Traineeship, I now have a job in a salon and completing my Apprenticeship"

BRONWYN - BL HAIRDRESSING TRAINING

"My apprenticeship has expanded my knowledge on how businesses run and exposed me to different roles such as project management, which is something I can consider as a career path in the future"

LEARNING CURVE GROUP

"I would recommend an apprenticeship to anyone who is keen to develop and progress in a career"

JOSH - MIDDLESBROUGH COMMUNITY LEARNING

Traineeships prepare young people for their future careers by helping them to become 'work ready'. They provide essential work preparation training, English, maths and work experience needed to compete successfully for jobs, including apprenticeships, or to progress to further learning.

WHO ARE TRAINEESHIPS FOR?

Traineeships are an ideal opportunity for young people who are motivated to get a job but who lack the skills and experience that employers are looking for. Young people who have been applying unsuccessfully for apprenticeship vacancies due to a lack of skills or experience could be good candidates for a Traineeship.

ARE YOU SUITABLE FOR A TRAINEESHIP?

- Aged 16-24 and qualified below level 3
- Unemployed or work less than 16 hours per week and have little work experience
- Motivated to work

Employers are not required to pay young people taking part in Traineeships but are encouraged to support Learners with potential financial assistance such as travel costs. Bursaries are available for young people aged 16-19 on a Study Programme or Traineeship subject to eligibility.

STUDY PROGRAMME

The Study Programme assists 16-19 year olds to gain qualifications and employability skills to progress into further education, an apprenticeship or employment.

It offers a flexible programme which may include a mix of qualifications, including English and maths for young people who have not achieved GCSE 4 - 9, and work experience. Study programmes may be undertaken at a further education college, sixth form college or with a training provider.

For further information about Study programmes and Traineeships visit www.apprenticeships.gov.uk

T Levels are an alternative to A levels, apprenticeships and other 16 to 19 courses. Equivalent to 3 A levels, a T Level focuses on vocational skills and can help students into skilled employment, higher study or apprenticeships.

T Level students spend 80% of the course in the classroom, learning the skills that employers need. The other 20% is a meaningful industry placement, where you will put these skills into action. One T Level takes 2 years of full-time study and is equivalent to 3 A levels and is a nationally-recognised qualification.
