HIGHER & DEGREE APPRENTICESHIP

Apprenticeships offer a valid alternative to university, with the qualification to match.

Completing an apprenticeship is a way to earn and learn, gaining a qualification, long term career path and the possibility for higher earnings, with the plus side of no university debts and no tuition fees. As an apprentice you will be employed by a company, you will have a contract of employment, get paid a salary. You will spend most of the week at work (usually a minimum of 30 hours) obtaining valuable workplace skills and you'll also spend time attending college, a university or a training provider to study your qualification.

HIGHER & DEGREE APPRENTICESHIPS

Higher or Degree Apprenticeships are available at levels 4-7 and they combine work with study. Typically, higher apprentices study part time at college, university or with a training provider. Apprenticeships take between one and five years to complete.

“The apprenticeship to me is an amazing opportunity to gain skills and knowledge in a supportive and accessible environment. It allows me to work on my development with a trainer who gets it, knows her stuff and genuinely wants us to enjoy the learning process.”

DARLINGTON BOROUGH COUNCIL,
MANAGEMENT L5 APPRENTICE

“I am pleased to say I received the results from my End Point Assessment for L5 Coaching Professional and that I have met all the pass criteria. It’s been a tough old journey, not just the subject matter but balancing it with a full time job and a toddler. I have received awesome support from my BePro coach who has been incredibly supportive throughout.”

BE PRO

“Once I completed my Level 4 apprenticeship, I started going down the managerial route. My apprenticeship gave me the experience I needed to enter a technical job, I highly recommend them to anyone that wants to develop their skills and knowledge within the tech industry. I wouldn’t be where I am today without my apprenticeship!”
