 Apprenticeships

TEES VALLEY MAYOR

There are incredible opportunities waiting for you right here in Teesside, Darlington, and Hartlepool to secure a well-paid, high-quality career of which you can truly be proud.

With the growth of innovative industries shaping the future right here, there are many ways to access these fantastic jobs – and further classroom study isn't the only path.

Apprenticeships offer a brilliant way to gain practical, on-the-job experience while you learn, allowing you to earn as you take the first steps toward qualifications in a sector you're passionate about.

Businesses across the region understand the immense value of apprenticeships. They see them as a way to shape the future workforce, develop vital skills, and provide fulfilling employment for local people.

At Teesworks, SeAH Wind's £900million offshore wind production facility is

now nearing completion while work will soon start on BP's £4billion Net Zero Teesside Power carbon capture facility. Meanwhile Teesside Airport is evolving into a major logistics hub, driving job creation and growth in exciting new sectors and this year took on its first apprentice.

Darlington's Economic Campus has also created hundreds of jobs for local civil servants, with even more on the way.

Across our region, businesses are ready to support young people like you in starting your journey, and we're fully behind them.

We're working to deliver support for businesses that want to create new apprenticeships or expand existing ones, and we'll continue to champion this cause to ensure more opportunities are available.

Now, it's up to you to help drive forward our region's ambitions and make Tees Valley an even better place to live, work, learn, and thrive. Good luck with all your future plans!

Ben Houchen, Tees Valley Mayor

WHAT ARE MY CHOICES?

All young people are required to participate in education until the end of the academic year they turn 18. Young people must engage in one of the following:

- An Apprenticeship
- T-levels
- Study Programme
- Full time work involving at least 280 hours of education
- Full time education including A Levels
- Home education

Apprenticeships offer the chance to learn and gain nationally recognised qualifications whilst earning a salary.

As an apprentice you will be working in a real job where you will be employed by a company, have a contract of employment, get paid a salary whilst obtaining valuable workplace skills and experience.

ABOUT TVLPN

The Tees Valley Learning Provider Network Ltd (TVLPN) is a registered charity with over 40 members. We are dedicated to supporting learning providers and learners to achieve their potential in the field of work based learning.

TVLPN consists of local authorities, privately owned companies, colleges and national organisations. Members are engaged in the delivery of vocational and apprenticeship training leading to nationally recognised qualifications.

WHERE DO APPRENTICESHIPS LEAD?

Your current skills and qualifications will form the starting point for your Apprenticeship journey. Learners starting on an Apprenticeship level 2 can progress onto a level 3 Apprenticeship.

Some learners, depending on qualifications will commence the programme at level 3 and then they can progress onto a Higher Apprenticeship. There are plenty of options on completing an Apprenticeship programme to enter skilled employment and further training or to progress onto a Higher Apprenticeship either part time or full time. To find out more information visit www.apprenticeships.gov.uk

For further information regarding apprenticeship standards please visit the Institute for Apprenticeships and Technical Education: www.instituteforapprenticeships.org/apprenticeship-standards

HIGHER & DEGREE APPRENTICESHIPS

Higher or Degree Apprenticeships are available at levels 4-7 and they combine work with study. Typically, higher apprentices study part time at college, university or with a training provider. Apprenticeships take between one and five years to complete.

- A level 4 or 5 is equivalent to a Higher Education Certificate/Diploma or a foundation degree
- A level 6 is equivalent to a Bachelor's degree
- A level 7 is equivalent to a Master's degree

COMMENTS FROM RECENT LEARNERS

"I have learned all about business admin and all aspects of what regulations and process in a business are. Without this apprenticeship I would have not been in the job I am in today."

DARLINGTON BOROUGH COUNCIL,
L SHEPPARD - L3 BUSINESS ADMIN

"The apprenticeship has helped me to gain knowledge, skills, and behaviors in leadership and has given me the confidence to progress further with my training."

SOUTH TEES, TEAM LEADER LEVEL 3

"I am so pleased that I chose an Engineering Apprenticeship after leaving school. The company I work for and the college that I attend have been so supportive and given me the opportunity to forge a career, gaining not only skills, but the knowledge and qualifications along the way."

SAM - HARTLEPOOL COLLEGE OF FE

"My apprenticeship has expanded my knowledge on how businesses run and exposed me to different roles such as project management, which is something I can consider as a career path in the future."

LEARNING CURVE GROUP

"The skills I have learnt on this course have seen me promoted in my current role and find a new post at a higher level."

DARLINGTON BOROUGH COUNCIL,
J TOWNS - TEAM LEADER L3

HIGHER TECHNICAL QUALIFICATIONS (HTQs)

HTQs are an alternative to apprenticeships or degrees.

They may suit you if you want a more practical, employer-led study programme.

HTQs are for students over 18 who want to study a subject to prepare them for skilled jobs. You can study HTQs full time or part time. They are usually taught at colleges, universities or independent training providers.

Approved HTQs are new and existing level 4 and 5 qualifications approved by the Institute for Apprenticeships and Technical Education.

There are many different types of HTQs, such as:

- higher national diplomas
- higher national certificates
- foundation degrees
- higher education diplomas

SEARCH AND APPLY FOR HTQs

You can use UCAS to search and apply for HTQ course - www.ucas.com
Alternatively, you can ask your local college or training provider.

STUDY PROGRAMME

The Study Programme assists 16-19 year olds to gain qualifications and employability skills to progress into further education, an apprenticeship or employment.

It offers a flexible programme which may include a mix of qualifications, including English and maths for young people who have not achieved GCSE 4 - 9, and work experience. Study programmes may be undertaken at a further education college, sixth form college or with a training provider.

For further information about Study programmes visit www.apprenticeships.gov.uk

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T Levels are an alternative to A levels, apprenticeships and other 16 to 19 courses. Equivalent to 3 A levels, a T Level focuses on vocational skills and can help students into skilled employment, higher study or apprenticeships.

T Level students spend 80% of the course in the classroom, learning the skills that employers need. The other 20% is a meaningful industry placement, where you will put these skills into action. One T Level takes 2 years of full-time study and is equivalent to 3 A levels and is a nationally-recognised qualification.

For further information please visit www.tlevels.gov.uk

“Work based learning is the best. It gives me the opportunity to work and be paid while learning and developing myself.”

IZZIE - HARTLEPOOL COLLEGE OF FE

“The apprenticeship gave me the experience, skills and knowledge to move on to the next step in my career.”

JACK - MIDDLESBROUGH COMMUNITY LEARNING

“I started working in the library services team as an apprentice. Working in an NHS library has been very different to what I am used to but I enjoy it very much because of how interesting it is. I am flourishing in my chosen career and this has been recognised by my colleagues and managers too.”

“The apprenticeship has helped me to progress in my career because it has deepened my knowledge in conveyancing and learning all of the background knowledge has made legal practice much easier to understand. It makes me proud to know I have learned the information and then had the opportunity to put that into practice.”

STOCKTON RIVERSIDE COLLEGE

“Without the learnings from my apprenticeship, I don’t feel I would be the leader I am today.”

BETH - UNIVERSITY CENTRE QUAYSIDE

“Completing my Urban Driver apprenticeship with Learning Curve Group has been a game-changer. Achieving my Category C license was a major milestone, and the support from my coach, Matt, made all the difference. I’ve gained confidence, essential skills, and a clear path for future opportunities. I’d highly recommend it to anyone!”

D WILSON - LEARNING CURVE GROUP

“I loved the idea of learning and developing my knowledge from a real working environment. I have learnt many skills from this apprenticeship that will help me in the future. I assisted students/staff with all issues on the IT support desk, alongside working hands on with physical IT equipment.”

H AHMED, LEVEL 3 IT SUPPORT TECHNICIAN - DARLINGTON COLLEGE.

"I chose the apprenticeship pathway because I wasn't interested in progressing to University. I wanted to start working, build my experience, and be hands-on as I learn. I've really enjoyed the transition from student to staff in the College. My ambitions for the future are to work my way up to a management role."

ADAM - BUSINESS ADMIN - MIDDLESBROUGH COLLEGE GROUP

"Completing my Supply Chain Warehouse Operative apprenticeship at JTM Plumbing has been an incredible journey. I've gained valuable skills, improved my communication, and grown both personally and professionally. Overcoming challenges like coursework deadlines has been tough, but with support, I've come out stronger. I'm excited for what's next!"

D BRADY - LEARNING CURVE GROUP

"My Kleek Apprenticeship has been so rewarding. The practical, hands-on training is so well organised, I've put theory into practice and passed my Level 2 with distinction. I'm now a stylist, working towards my Level 3."

SOPHIE - KLEEK APPRENTICESHIPS

"The key skills I am learning on my apprenticeship is organisation, teamwork and problem solving, as well as my general commis chef duties. With an apprenticeship I am able to learn the soft skills that I wouldn't pick up in a classroom."
